oh my!

Welcome!

Welcome to the 2022 edition of the In the Booth magazine! What a decade the past two years have been. As the event industry navigates the most challenging period in living memory, it continues to be our amazing customers who lift our spirits through the most difficult days. Each feedback email and message are deeply appreciated by our team and remind us of our core purpose.

It's for this reason it's our pleasure to feature some of our wonderful 2021 couples in our Real Weddings feature. Each have navigated the wringer of postponements and challenges on the road toward their special day. It was our honour to celebrate with each and every one of you – if anything, the celebrations just seem sweeter when the path toward them has been rough.

If you're at the beginning of your planning, congratulations on your engagement! We hope this issue will bring you plenty of inspo and info in equal doses. If you're thinking some photo booth fun for your celebration would be just the ticket, you'll find all our contact details on the back cover. Happy planning!

MEET OUR 2022

COVER STARS

Introducing Nandwelo and Raymond, our stunning cover stars for 2022! This gorgeous couple's wedding was hosted at the Tea Tree Gully Golf Club in Adelaide. This event was made even more special as In the Booth Adelaide helped celebrate Nandwelo and Raymond's engagement party in 2020 as well! We were so excited to be able to help capture their wedding day memories too. Congratulations guys!

**EXPERIENCES FOR
YOUR GUESTS**

Try one on for size today!

If you're shopping around for a photo booth, you're probably struggling to remember which booth does what! There's an endless array of styles and functionality available to choose from and you're probably suffering from a severe case of booth-overwhelm (yep, it's a thing!).

Well, hang onto your instant prints because In the Booth has you covered!

Along with capturing our stunning high-resolution photos, In the Booth's all-inclusive service includes instantly downloadable video, Gif and Slo-Motion experiences for your guests.

"Say what?"

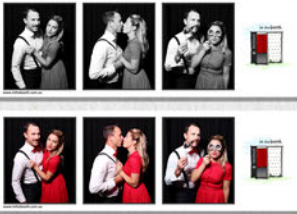

We understand it's a lot to take in but stay with us for a bit longer!

Our exclusive In the Booth App has been making waves for over five years; allowing guests to instantly download their photo booth photos to their mobile device. This means no privacy issues, no losing passwords for online galleries and no waiting! In the Booth guests have instant access to their photo booth awesomeness as soon as they exit the booth, plain and simple.

On top of that, our app broke the mold of traditional photo-boothing with our unique Guest Cam service! Guests can take roaming photos around your event via our app which instantly print from the booth. Super cool, huh?

Still feeling a touch of photo booth overwhelm? No worries. Let's break it down a bit further.

The most important thing is that you can't miss out on any of our experiences by choosing the "wrong booth". All our booths are identical and can provide your guests with the full cahoot of photo booth experiences. We don't have photo booths that only do photos or booths that only provide digital experiences but don't print. All of the services detailed below are available from every In the Booth photo booth in our network.

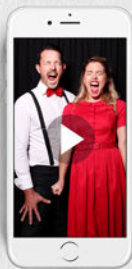

Unlimited Instant Prints

What's a photo booth without instant prints? All our hire packages include unlimited, instant prints from the booth in colour or black and white. Additionally, every photo your guests capture can be instantly downloaded digitally via our exclusive app service.

Unlimited Guest Cam Prints

Our one-of-a-kind Guest Cam service is available via our famous app! Guests can roam your event, taking photos as they please of the first dance, birthday candles being blown out or the awesome view from the deck - anything at all. Their Guest Cam photos will then print instantly from the booth, just like magic.

Unlimited Video, Gif & Slo-Mo Experiences

Guests can choose to leave a video message or create a Gif or Slo-Mo via the booth touch screen. It's as simple as they do their thing, and the booth does the rest! The booth will print a unique code for their digital experience; your guests enter the code into our app to download their creation and.....mic drop.

Unlimited Digital Downloads

There's no limit to how many times your guests can take the booth for a spin. No matter how many times they whip out their best James Bond, YMCA or flossing expertise, it will be available for their downloading and viewing pleasure. Upload to social media; text to Mum or store it for safe keeping....it's all in your guests' hands.

Swipe to view all your booth experiences within the app!

Not your favourite pic? Just delete it from your gallery!

Share images directly from the app via social media, text and email

Use the arrows to navigate quickly through your downloaded booth experiences

Find all your downloaded experiences under 'photos'. Everything will also save to your camera roll!

Use the 'download' function to send digital copies of all your booth experiences straight to your device!

Use the 'guest cam' function to take photos on your device from around the event and they'll print out at the booth!

Memories

FOR KEEPS

If you've attended an In the Booth event, chances are you've heard about Guest Cam. It's easy, super fun and best of all it's included in all our hire packages at no additional cost.

Our Guest Cam service is made possible via our awesome free app. Our app has two main functions. 'Download' is how your guests will download their digital copies of their photos taken in the booth itself. Each print will have a unique code that your guests can punch into the app. Their digital booth experiences will then instantly download to their device – voila!

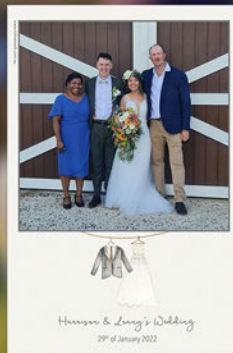

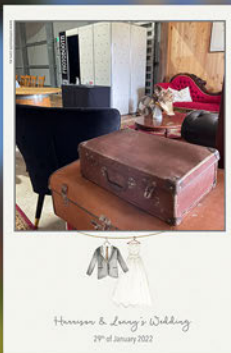

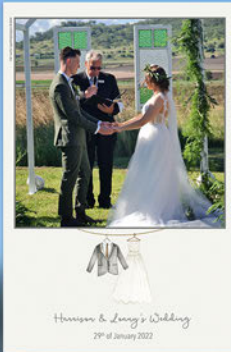

If you think that's magic, wait to hear about Guest Cam. Guests enter a special event code into the app, just the once this time. From there, they can snap photos on their phone from anywhere around your event and send them to the booth to be printed.

A photo booth and your professional photographer make a great team. While your photographer is capturing formal portraits, the booth couples sweet instant prints with entertainment for your guests. Your professional photography may not be returned to you until months after your wedding – we specialise in putting printed memories in your hands instantly. As the quality of smart phones gets better and better, so do our Guest Cam prints. The Guest Cam image pictured here was captured on an iPhone. Your guests can print the night away and your USB folio will be full of incredible memories.

Tip**

We always recommend our customers take the opportunity to view our booths in person and try before they buy! With In the Booth, we guarantee what you see is what you get. The booth you saw at a bridal expo, venue showcase, your work Christmas party or your friend's wedding will be identical to the booth that will make your special celebration sparkle!

Adrian & Meg

17th April 2021

...Covid scrambled our plans several times, so when the border between NSW and QLD opened up, we eloped with just our families which was beyond perfect. Which meant when it came to celebrating with our friends and extended family, we could be a lot more relaxed and present with our guests. Having it at my family home created an atmosphere that was really personal and special. We loved that everyone ended up barefoot on the grass and got very rowdy in the photobooth!...

4th July 2021

...Our wedding was definitely one for the books! After re-scheduling in 2020 (COVID) and then a lockdown forcing us to re-schedule again, two days later it happened! What made the day uniquely ours was that we did things a bit backwards; taking our location photos first and then having the ceremony after. It worked beautifully; we were relaxed, had heaps of fun and lots of laughs! At the end of the day, we were married and our day was filled with love and family, which is the most important thing in the world...

Bryce & Emma

30th October 2021

...We had to be flexible in our expectations because of constantly changing rules around lockdowns but we persisted and Inglewood Estate were unbelievably supportive and accommodating. Although our wedding was scaled down by half, we were still able to have the day of our dreams and it went off without a single glitch. The band nailed our songs, the weather was perfect and even our three year old was a perfect angel all day and into the night. We couldn't have asked for a better day!...

19th March 2021

...Planning a wedding in a global pandemic was never something we anticipated when we got engaged, let alone choosing a weekend where Sydney literally had the highest rainfall in 20 years! The only thing that was important to us was that we had everyone there that meant the world to us and that we could finally make our fairytale a reality. We focused on good food, good laughs and good drink, because this is what we love. The day was an amazing rustic fairytale and we wouldn't change a single thing!...
