

# Wedding Sparkler Exit Success

1. Guests are invited to form two even-ish rows outdoors near the couple's vehicle.
2. As guests pass by into position, they're each handed a large sparkler.
3. 'Lighter People' start at the end of each row, moving toward the middle, lighting the sparklers of every 3<sup>rd</sup> or 4<sup>th</sup> guest.
4. Guests inbetween Lighter People light each other's sparklers.
5. The MC or Sparkler Exit Coordinator announces everyone to clear the path, raise their sparklers and be ready for the couple to pass through the sparkler tunnel.
6. The MC hands over to the photographer to direct their desired shots.
7. The couple exit into their waiting vehicle.
8. Make sure there is a metal trash can available for finished sparklers to be collected in.
